

Unleash the Freedom

ASK: Share with the group your favorite movie about freedom and give a 30 second synopsis of the movie for those who have yet to watch it.

What is it about that particular freedom story that you love so much?

SAY THIS: Freedom is a construct in American life that we don't consider often. However, struggle is a part of life. No one is exempt from struggle while they live on this planet. As we move through the Unleashed initiative some of us are really struggling to come to grips with what is being asked. It's a healthy exercise to talk about our struggle. Remember, God is not surprised by our struggle. So let's talk about it.

WATCH VIDEO: Got to rcunleashed.org and watch week 4

ASK THIS:

- When you think of the word "freedom" what comes to your mind?
- What are some areas of limited thinking or barriers that still prevent the spreading of the gospel in our world today?
- Can you think of any personal "ways of thinking" that might stand as a barrier to God flooding the ministry of Rush Creek with His living water?
- Both Peter and the woman at the well experienced a new sense of freedom. Discuss briefly what that freedom was? What do you think is the purpose of freedom.
- What are some ways you have experienced spiritual freedom in your past?
- What areas of your life limit or hold back your ability to experience this type of freedom?

HOMEWORK: Ask those in your group to complete the FAMILY FAITH TALK found in the Unleashed booklet. (booklets can be picked up at your campus Commons area)
